

ITALIANS TURN ON HUNS AND GAIN 3 POSITIONS

HOLD NEW LINES AGAINST HEAVY COUNTER BLOWS

Monte di Val Bella and
Sasso Rosso Heights,
Taken From Foe

FOIL ENEMY'S PLANS

Preparations of Teutons For Of-
fensive Are Broken Up By
Sudden Tactical Move

ALLIES ADVANCE AGAIN IN FRANCE

Austro-Hungarian Internal Con-
ditions Continue to Ap-
pear Serious

Vienna, Austria, via London, England, June 30.—While admitting that the Italians in hand to hand fighting penetrated the Austrian first line on Monte di Val Bella, the Austrian war office, in its official communication today, declares that the Italians were driven back shortly afterward by counter attacks.

(By the Associated Press.)

Attacking the Austro-Hungarian line on the Asiago plateau the Italians have wrested Monte di Val Bella from the enemy, captured 99 prisoners and held their new position against repeated counter attacks.

This sudden turn from the defensive to the offensive came as a surprise to the laymen of the Allied world, for it has been believed that General Diaz, the Italian commander, would be content to hold his lines in the mountains against a great, new offensive intended by the Austrians and Germans to take away the sting of the defeat of the Austrians along the Piave two weeks ago.

Nor was the Italian attack limited to the positions on Monte di Val Bella. Farther east, on the left bank of the Brenta river, they captured the heights of Sasso Rosso, just north of the village of Valstagna.

Diaz Foils Enemy's Plans.

These two actions, while local in character, may explain the failure of the Italians to pursue the Austrians across the Piave when, on June 23, the enemy fled from the west bank with a haste that indicated something of demoralization.

Gen. Diaz has probably expected the heaviest enemy blow to be launched along the mountain front, which is the key to the whole Italian situation. In attacking there himself he has carried the fight to the foe, gained strong positions at vital points and broken up some of the preparations made by the enemy for an offensive in that quarter.

It is hardly to be believed that Gen. Diaz plans to go farther than local offensives, but if he should make much progress on the Asiago plateau he would be able to take under his artillery the railroad paralleling the battle line and running along the Brenta river east of Lake Caidonazzo. This line is the connecting link between the Piave and the Adige front and if the Austrians could dominate the Italian system of communications would be seriously impeded.

French and British Gain.

The French are continuing their fighting tactics along the Marne. On Friday they swept the Germans back from the environs of Villers-Cotterets forest and held the ground they had taken. On Saturday night they suddenly attacked the German line a little to the north of the Chignon river and just to the left of the positions held by the American troops in that sector. A long ridge between the villages of Mosley and Passy-en-Val was occupied and 255 prisoners were taken. Farther north, near St. Pierre Aigle, the French positions were improved by a local attack.

The British have repulsed an enemy assault in the neighborhood of Merris near where the Germans were driven back east of Nieppe forest on Friday. The British official statement mentions heavy German artillery fire before Amiens, near Arras, and in the region of Fesubert, northwest of Lens. The official statement issued at Berlin says that artillery firing has in-

19 RAILWAYS AIDED FINANCIALLY

New York Central Advanced \$5,500,000 in June, Delaware and Hudson \$2,000,000.

Washington, D. C., June 30.—Nineteen railroads received advances aggregating \$26,195,000 from the government in June, including \$16,610,000 demand loans at 6 per cent and the remainder on account of rentals or compensation. The railroad administration announced today that this brought the total advanced railroads by the government in the six months of federal operation ending today to \$169,509,000. All funds came from the half billion dollar revolving fund, except \$18,745,000, which was turned over to the railroad administration from a railroad surplus balance.

Loans made in June include: New York Central, \$5,500,000. Payments on account of rental include: New York Central, \$2,000,000 and Delaware and Hudson, \$2,500,000.

ARREST E. V. DEBBS ON ESPIONAGE CHARGE

Indicted For Assertions Made in
Socialist Speech At Canton,
Ohio, Recently

Cleveland, Ohio, June 30.—Eugene V. Debbs, four times socialist candidate for the presidency of the United States, was arrested here today by United States Marshal Charles W. Lapp and Deputy Marshal Charles Boehme, as he was about to deliver a socialist address. The arrest was made on a federal warrant in connection with Debbs' speech at the Socialist State convention in Canton, Ohio, June 16, last.

The arrest was made on a secret indictment returned yesterday by the federal grand jury. It is understood the indictment contains ten specific counts under section three of the espionage act and amended by the passage of the sedition bill on May 16, last which provides a penalty of 30 years in the penitentiary and a fine of \$10,000 and cost for each violation.

Mr. Debbs will be arraigned in federal court at 9:30 tomorrow morning before Judge D. C. Westenhaver when the matter of bail will be decided. He spent tonight in the Cuyahoga county jail, in the custody of Marshal Lapp.

Mr. Debbs refused to make any statement regarding his arrest. Mr. Debbs arrived in Cleveland today to address a socialist gathering. He was taken into custody as he was about to enter the garden where the meeting was held. No commotion was caused as few persons were aware of what was transpiring until after Mr. Debbs was taken to the federal building.

Following the announcement of Mr. Debbs' arrest a defense fund of more than \$10,000 was raised by popular subscription before the meeting ended.

Edwin S. Wertz, United States attorney for the northern district of Ohio, and Assistant Attorney Joseph C. Breitenstein, and F. D. E. Kavanaugh will handle the case for the government.

Following the arrest Mr. Woods made the following statement: "No man is too big to be held responsible for his acts under the espionage act or any other law of the United States."

"Mr. Debbs was indicted, not as a socialist but as a violator of the law of the United States because of things he said in his Canton speech," said Assistant Attorney Breitenstein.

YANK GETS FRENCH CROSS.

(By the Associated Press.)

With the American forces in France, Saturday, June 29.—Lieut. Sidney Elvira of Grand Rapids, Mich., has received the French war cross for carrying a wounded man back from the first line trenches while under fire. Sergt. Charles H. Cunningham of Grand Rapids, Mich., has been awarded the French war cross for routing six Germans who tried to capture him in one of the little actions characteristic of quiet sectors.

Increased between the Yser and the Marne, which includes virtually all of the active battle zones. The internal conditions of Austria still appear to be very serious. Premier von Seydler, who was commanded to continue his direction of the government, being beset by many harassing situations because of the opposition of the Czechs and Jugoslavs. A report of the meeting of the Hungarian parliament, at which Dr. Alexander Wekerle, the Hungarian premier, announced that the Austro-Hungarian losses along the Piave were very heavy, says that there was great bitterness shown by the deputies, whose interruption indicated that they believed the Hungarians had been placed in the thick of the fighting while the Austrians were favored.

BIG TROOP MOVEMENT NEAR YANKS ON MARNE

Americans May Be Called Upon
Soon to Meet Offensive
By Germans

(By the Associated Press.)

With the American Forces on the Marne, June 30.—Excessive movements of troops and materials north of Chateau Thierry together with the increased artillery and aerial activity form the basis of the belief that American forces in this locality may be called upon to defend themselves in the near future.

Long streams of enemy troops and wagon trains have been observed in the neighborhood of the Boney woods. There have been more than 50 enemy aerial flights over the American lines northwest of Chateau Thierry in the past 24 hours. One German machine was shot down by our anti-aircraft guns.

The American artillery have heavily shelled many vital and active spots within the enemy lines, once obtaining a direct hit in a detachment of marching Germans.

For days the Americans have been expecting that the enemy, stung by the defeat administered to him recently on this front, would make a vigorous assault upon our forces, and it was partly for this reason that the American operations in the Belleau sector were carried out.

With these operations completed the Americans now have the country for several miles in front of them under their eyes and guns and can see what is developing. In consequence, when the expected blow comes they will be that much better prepared to meet it.

The American troops have made all preparations and the Boche will get an exceedingly warm reception if he tries what the situation today indicates he has in mind. The Americans say that no matter where the enemy strikes, he is bound to pay dearly for his efforts and that the bigger the target the better the American forces will like it.

To the east of Chateau Thierry, along the Marne river, except for constantly increasing long range shelling on both sides comparative quiet prevails. There has been no patrolling because the bright moonlight on the water prevents a crossing, but the American snipers have been so active in the past four days that the Germans rarely ever make an appearance.

LAND 20 DWINSK RESCUED.

Washington, D. C., June 30.—Arrival at Hampton Roads, Va., of 29 more survivors of the British torpedo ship Dwinsk, torpedoed and sunk 700 miles east of the Delaware capes last June 18, was reported today to the navy department. Among them was Lieut. Ross T. Whitmarsh, U. S. N. Twenty-three members of the crew of 148 are still missing.

The 20 men were picked up at sea by a naval vessel on June 23, after they had been for ten days in an open boat in which they left the Dwinsk. Lieutenant Whitmarsh was on the troop ship which was under charter to the United States government and was bound for America. There were no soldiers aboard.

The transport's crew got away in seven boats, all of which except one have been accounted for.

BANK PRESIDENT DIES.

Elmira, June 30.—Ray Tompkins, president of the Chemung Canal Trust company of Elmira died here today.

He graduated from Yale university in 1884 and was one of Yale's best known athletes, being a former captain of the Yale football team. In connection with the Chemung Canal Trust company, he was identified with many other large interests in and about Elmira. He is survived by his wife, Sarah Way Tompkins.

ITALIANS REPORT GAINS.

Rome, Italy, June 30.—Italian forces, supported by Allied troops, attacked Austro-Hungarian positions on the Italian mountain front on Saturday and captured Monte di Val Bella, after a bitter struggle. The Italian war office announced that more than 900 Austro-Hungarians were taken prisoners. Strong enemy counter attacks throughout the day and night were repulsed by the fire of the Italian infantry, artillery and machine guns.

17 HCN PLANES DOWNED.

London, England, June 30.—Nine German airplanes were destroyed and eight others were disabled while five British machines are missing, as a result of aerial fighting on Saturday, according to the official statement on aerial operations issued by the war office tonight.

38 DEAD IN DISASTER.

St. Louis, Mo., June 30.—The death toll in the Ruff building disaster mounted rapidly today, reaching 38, with over a score more missing. The injured number 55. Searchers still injured number 33. Searchers still are hunting for bodies.

Telegraphers' Strike Is Set For Monday, July 8

Chicago, Ill., June 30.—S. J. Konenkamp, president of the Commercial Telegraphers' Union of America, tonight announced that he had issued a call for a strike of members of the union employed by the Western Union Telegraph company effective at 7 a. m., eastern time, Monday, July 5.

An announcement declared that the grievances to be adjusted are the reinstatement of union men who are alleged to have been locked out, and to enforce the right of the men to organize.

President Konenkamp said that he expected 5,000 of the 20,000 commercial telegraphers to quit. H. J. Thomas, chairman of the Railroad Telegraphers' committee, said that 33,000 of his men would be affected. The International Brotherhood of Electrical Workers, President Konenkamp said, had pledged its assistance.

New York, July 30.—In a statement tonight, commenting on the strike order issued by S. J. Konenkamp, president of the C. T. U. A., Newcombe Carlton, president of the Western Union, said: "None of our employees is a member of that union, so I do not see how the strike affects us."

KARL DEMANDS SEYDLER CARRY ON GOVERNMENT

Premier Faced With Difficulties
of the People Being
Anti-German

Amsterdam, Holland, June 30.—Emperor Charles of Austria has commanded Premier von Seydler to carry on the government but he has failed to tell him how to do it. Messages received here indicate that the Premier has enormous difficulties ahead of him as the Poles remain adamant in their attitude. In fact the Poles already have declared that they will not even consider economic concessions with which it is reported Dr. von Seydler intended to placate them. The Premier has now appealed to the Poles not to obstruct the provisional budget too severely.

The Czechs and South Slavs are resolved to fight any government that yields to German demands and they plainly told Emperor Charles at an audience the other day that they would refuse to vote for the provisional budget and the war credit if von Seydler remained in office.

On the other hand the Ukrainian members of the Austrian parliament suddenly have come to the rescue of the German National party in support of von Seydler to the extent of declaring that they will vote for both the budget and the war credit on condition that the Premier remain in office. They are quoted as saying they will not tolerate his dismissal at the behest of the Poles.

TO ASSIST MEN TO GET JOBS

Youths Affected by "Work or Fight" Order Warned To Wait Until They Get New Position.

New York, June 30.—Announcement tonight that federal and state employment bureaus will assist men of draft age to engage in productive work was coupled with a warning to youths affected by the "work or fight" order to retain their jobs even in non-essential industries, until they are placed in new ones.

Henry G. Sayer, director of the United States Employment bureau, said in a statement that any man doing work rated by the war department as nonproductive should apply to the official employment bureaus if unable, through his own efforts, to obtain an "essential" position. Local draft boards, Mr. Sayer said, will allow a reasonable time for changes in occupation.

HUNS REPORT FIGHTING.

Berlin, Germany, via London, England, June 30.—The official communication from general headquarters today says:

"The fighting in the sectors north of the Yser and south of the Aisne increased; artillery activity continued throughout the day. In the evening it revived on the remainder of the front between the Yser and the Marne. "There were small infantry engagements during strong enemy thrusts south of the Ourcq and as a result of a successful operation by our troops at Hartmann's Well-Kopf we captured prisoners."

CASUALTIES NOW TOTAL 10,553.

Washington, D. C., June 30.—Casualties in the American expedition forces thus far reported total 10,553, summaries issued today by the war department and marine corps show. Of this number, 8,131 were in the army and 1,152 in the marine corps. The army casualty list contained today 71 names, divided as follows: Killed in action, 11; died of wounds, 7; died of disease, 3; died of accidents and other causes, 5; wounded severely, 44; prisoners, 1.

The marine corps casualties announced today contained 48 names, divided as follows:

Killed in action, 3; died of wounds, 2; wounded severely, 41; missing in action, 1.

PERSHING'S MEN HARASS GERMAN AT MANY POINTS

Take 36 Prisoners in
Picardy and Inflict
Heavy Casualties

GAIN THIRD OF MILE

Enemy Increasing His Aerial and
Artillery Activity in Chateau
Thierry Sector

MACHINE GUNNERS ROUT BOCHE

Fresh Trenches Being Constructed
By Huns and New Wires
Strung in Marne Sector

Washington, D. C., June 30.—Marked raiding and patrolling Saturday at several points held by the American troops were reported in Gen. Pershing's communique of yesterday, which was received today at the war department. In Picardy a small detachment of Americans captured 36 prisoners, including one officer, and inflicted severe losses on the enemy, while in the Vosges a German raiding party was repulsed.

Increased activity by the enemy artillery and airplanes in the Marne sector on June 25 and 27, and the heavy shelling of the American positions in the Chateau Thierry district on the same day, when the American troops advanced their lines one-third of a mile, also was reported.

The statement follows: "Section A—Raiding and patrolling have been marked at several points. In Picardy this morning a small detachment of our troops captured 36 prisoners, of whom one was an officer, and inflicted severe losses on the enemy. Our casualties were very small. In the Chateau Thierry region a strong patrol was driven back and suffered severely in a patrol encounter. A raiding party which attempted to reach our line in the Vosges was repulsed by rifle fire.

Line Advanced Third of Mile.

"Section B—In the Chateau Thierry region the day of June 25 to 27, noon to noon, was marked by operations of our troops south of Torcy, where our line has advanced for one-third of a mile and our positions improved with little opposition. Besides this, our infantry was active in continuous patrolling and our artillery in delivering harassing and destructive fire. The German artillery shelled our positions in front and rear with considerable vigor. The Belleau-Clermonts and Marlette woods along our front lines, as well as positions in the rear extending back several kilometers and covering most of the sector received harassing and destructive fire during most of the time covered by this report. The hostile batteries were observed to be especially active from the vicinity of Torcy-Givry and Petit-Val at all of which points they are able to find cover in patches of woods. The German machine gun fire was directed as formerly on the Belleau wood and hill 204. It originated mainly in the vicinity of the LaRoche wood, and the outskirts of LaRoche. The German air forces were extremely active but performed only reconnaissance work. In the enemy's rear, movements were mainly confined to small groups, although detachments numbering up to about 100 men were more than once observed. There was also considerable traffic of wagons and trucks.

Machine Gunners Rout Patrol.

"The enemy continues to construct works in and near the wood around Bouresches. In the early morning a large German patrol was seen near Vaux moving to the south. Being challenged by our listening post, it disappeared. From the firing and from cries heard shortly after, it is believed the patrol was fired upon by our machine guns.

"Along the Marne from the early evening of June 25 to the early evening of June 27, there were no notable developments, except further increase in the activity of the German artillery. The fire, which was almost entirely harassing and destructive over the front and in some areas destructive only, included a considerable amount of shrapnel. The shrapnel fell mainly on the left of our sector. The German airplanes showed an even greater increase in activity, flying up and down the Marne in numerous groups of from two to seven machines. In the enemy's rear areas a number of men were seen circulating in small groups and seemed to be continuing the pillage of French property, which had been noticed on numerous occasions on the north bank of the river. Fresh trenches are being constructed and new wire has been seen. In the enemy's line the infantry seemed to be more than usually upon the alert.

TO ACT IN TELEGRAPH STRIKE.

Washington, D. C., June 30.—Further action by the government looking to the prevention of the strike of the telegraphers employed by the Western Union Telegraph company July 5 is expected, but there was no indication tonight as to what form it would take.

President Wilson recently requested the company to submit to the jurisdiction of the National War Labor board.

TWO KILLED IN AIR DROP.

Fort Worth, Texas, June 30.—Lieutenant William DeC. Ravenall Jr., of Washington, D. C., and Corporal R. L. Danning of Cresco, Iowa, stationed at Hicks aviation field here, were killed today when the airplane in which they were flying fell in flames.

The airplane, which destroyed or damaged a part of its material. The section, carried out its mission without a break or a failure, with a devotion, courage and sacrifice which were admired by all the units engaged."

Pope Will Not Remove From Rome During War

Rome, Italy, June 30.—The Pope has no intention to leave Rome either during or after the war, according to the opinion expressed today at the Vatican, where a denial was made of a report which appeared in Spanish papers to the effect that the Holy See might be transferred to Spain. At the beginning of the war Spain offered its hospitality to the Pope if it should be necessary for him to leave Rome, but the Vatican repudiated the offer, although expressing appreciation of the spirit which prompted it.

PRESENCE OF SO MANY YANKS WORRIES HUNS

Feeling Out Positions By Use of
Patrols—Heroism of Three
Americans

(By the Associated Press.)

With the American Forces in Alsace, Saturday, June 29.—American troops on the Alsation front are learning what might be called the specialties of inactivity, while awaiting work of a wider scope. The Germans have found the overseas men facing them at so many places that they are pushing out patrols somewhat nervously here and there with the object of trying to fix the exact limits of the American sectors. The Germans have not a monopoly on these expeditions. The Americans also are out every night studying the difficult lay of No Man's Land in the mountainous region. Clashes naturally are frequent, and the Germans are finding that the Americans are not so easy to deal with as they could wish, even when outnumbered.

Sergt. Dewey S. Slocum and Corp. John C. Phillips, both of Grand Rapids, Mich., and Private Newton Bell of Muses Mill, Ky., were cut off from the rest of their platoon in one of these little fights at an advanced post and refused to surrender. They could not run but they showed that they could shoot. Private Bell accounted for four of the enemy and the other Americans did nearly as well.

The Germans then signalled for help and their artillery laid down a barrage to hold the Americans until the Germans could reinforce the patrol, but the latter was driven away before help came and the Americans crawled back through a curtain of fire and rejoined their platoon.

SOCIALIST CHOSE CANDIDATES.

New York, June 30.—Charles W. Irwin, editor of the New York Call, was nominated for governor and Mrs. Ella Reede Bloer of this city for lieutenant governor of the Socialist party, at the state convention here today.

\$599,522,500 FOR LIBERTY LOAN.

Albany, June 30.—Subscriptions by institutions and individuals under the supervision of the New York state banking department, including those made for their patrons to the Third Liberty Loan bond issue total \$599,522,500, according to the statistics made public tonight by George I. Skinner, state superintendent of banks. The amount of subscriptions to the three liberty loans by these institutions and individuals was \$1,707,561,073, or more than one-sixth of the total subscribed for the entire country.

PRINCE ALEXIS AT TOBOLSK.

London, England, June 29.—The former crown prince Alexis of Russia, according to German papers received in Copenhagen, is at present in Tobolsk. An Exchange Telegraph dispatch quoting from the newspaper says the former crown prince is seriously ill and hence unable to undertake his journey to Yeatzenburg, where he had planned to join his parents. The former crown prince is under the care of his sister Tatiana.

CONGRESSIONAL CLEAN-UP.

Washington, D. C., June 30.—Congress tomorrow will begin a final clearing up of legislation preparatory to a recess this week until early in August, when the house ways and means committee is expected to have the new revenue bill ready for presentation.

Both senate and house are to meet unusually early tomorrow in an effort to dispose of appropriation measures, carrying money needed with the beginning of the new fiscal year. Leaders hope to finish imperative legislation and recess next Wednesday, but it is regarded as more probable that congress will be unable to get away before next Friday or Saturday.

SENATOR TILLMAN VERY ILL.

Washington, D. C., June 30.—Benjamin R. Tillman, the veteran Democratic senator from South Carolina, and chairman of the naval affairs committee, is seriously ill at his home here and his recovery is regarded by his physician as doubtful. His left side is completely paralyzed and he has been suffering from a severe current cerebral hemorrhage since last Thursday.

G. O. P. LEADERS AGREE ON ONLY ONE CONVENTION

Followers of Lewis and
Whitman Plan to Unite
to Hold Meeting

SENATORS CANCEL CALL

Wadsworth and Calder in Conference With Five of State Committee Submit to Plan

WHITMAN CONTROLS COMMITTEE

Candidates Not Discussed At the
Conference—Prominent
Leaders Are Invited

New York, June 30.—Followers of Gov. Charles S. Whitman and Attorney General Merton E. Lewis, rival candidates for the Republican nomination for Governor will unite in holding an unofficial state convention at Saratoga, July 15, in conformity with the rules of the party.

This decision was reached at a conference here today, between United States Senators Wadsworth and Calder, on one hand, and a subcommittee of five from the state committee, headed by Frederick G. Gainer of Buffalo, on the other. The senators decided to withdraw the call they issued from Washington some time ago for a republican meeting at Saratoga on that date.

Representatives of the state committee held out for an unofficial convention with regularly designated delegates and alternates from each district. The senators, who went over the head of State Chairman Glynn in calling for a republican conference, did not insist upon their plan.

The state committee is said to be controlled by Gov. Whitman, while the call for a conference sent out by the senators was construed by the Lewis faction as favorable to their candidate, although neither Senator Wadsworth nor Senator Calder had admitted that such was the case. So far as could be learned, candidates were not discussed at the conference today, the result of which will be reported to the state committee at a meeting at 10 o'clock tomorrow.

Danger in Two Meetings.

After the conference Chairman Glynn issued a statement, in which he announced the decision, but declined to add any personal comment. The senators declared they were satisfied with the result.

"Believing it was not the intention of the state committee to call a convention this year," Senator Wadsworth said, "we issued a call to the Republicans of the state to meet at Saratoga Springs on July 15 and take part in an assembly open to all who might desire to attend and participate in the proceedings. We are now informed by a sub-committee of the state committee that it is the purpose of the state committee to call a state convention composed of delegates selected by the several county committees."

"It becoming apparent, in the conference, that two such meetings could be merged, and we, being unwilling to risk the embarrassment which might result to the party in the holding of two meetings, have decided to withdraw our call."

The senators refused to say anything more about the conference, but did say that their call was not in the interest of any particular candidate and they could not discuss candidates.

Attorney General Lewis gave out a statement in which he charged Gov. Whitman with being "afraid of a full and frank discussion of the questions affecting the welfare of the party," and wanting "a convention the members of which will obey orders." Telegrams were sent to Col. Roosevelt, Charles E. Hughes, William H. Taft and Elihu Root, who had been invited to address the "town meeting" renewing the invitations to address the state convention.

TO ACT IN TELEGRAPH STRIKE.

Washington, D. C., June 30.—Further action by the government looking to the prevention of the strike of the telegraphers employed by the Western Union Telegraph company July 5 is expected, but there was no indication tonight as to what form it would take.

President Wilson recently requested the company to submit to the jurisdiction of the National War Labor board.

TWO KILLED IN AIR DROP.

Fort Worth, Texas, June 30.—Lieutenant William DeC. Ravenall Jr., of Washington, D. C., and Corporal R. L. Danning of Cresco, Iowa, stationed at Hicks aviation field here, were killed today when the airplane in which they were flying fell in flames.

The airplane, which destroyed or damaged a part of its material. The section, carried out its mission without a break or a failure, with a devotion, courage and sacrifice which were admired by all the units engaged."

BASEBALL RESULTS

NATIONAL LEAGUE

INDIANS WHITEWASH CUBS.

Second Game of Double Header Goes Eleven Innings to Tie.

Cincinnati, Ohio, June 30.—The league leaders failed to win a game from the local's today, losing their first, 1 to 0, and tying the score in the second, 7 to 7, after a long struggle. The second game was called at 7 o'clock to allow the Chicago team to catch a train for St. Louis.

First Game: R H E
Cincinnati 000000000—0 7 6
Cubs 100000000—7 12 6
Batteries—Hendrix, Douglase, Kilmer and O'Farrell; Kling and Wingo.

Second game:
Chicago 200000000—7 12 2
Cincinnati 020000000—7 12 3
Batteries—Tyler and Kilmer; Schneider, Began, Eller and Allen.

AMERICAN LEAGUE

INDIANS LOSE DOUBLE HEADER.

Detroit Takes Two Games, 10 to 2 and 2 to 0.

Cleveland, Ohio, June 30.—Cleveland lost both ends of today's double header to Detroit, 10 to 2 and 2 to 0.

First game: R H E
Detroit 100100000—10 12 0
Cleveland 000000000—2 5 3
Batteries—Dauess and Yelle; Corbett, Groom and Thomas.

Second game:
Detroit 000001010—2 10 0
Cleveland 000000000—0 4 0
Batteries—Boland and Yelle; Bagby and O'Neill.

Called end eighth on account darkness.

RUTH'S HOMER WINS.

Long Fight Field Hit Score Sheen With Winning Run.

Washington, D. C., June 30.—Ruth's eleventh home run of the season, a long drive over the right field fence in the tenth inning, scoring Sheen who had singled, ahead of him, gave Boston a 3 to 1 victory.

Boston 001000000—3 11 0
Washington 000000000—1 5 1
Batteries—Mayes and Schlang; Johnson and Almsmith.

SHELLENBACH WILD.

St. Louis Makes 4 to 3 Victory Over Chicago—Minn Stops Game.

Chicago, Ill., June 30.—Shellenbach's wildness with heavy hitting by Dermitt and Hendrix gave St. Louis a 4 to 3 victory over Chicago today. The first game was called off on account of rain.

St. Louis 000020011—4 12 0
Chicago 000002001—3 9 1
Batteries—Wright and Nunamaker; Shellenbach and Schalk.

FINANCIAL AND COMMERCIAL

The New York Markets.

New York, June 30.—War news, particularly the Austrian rout and Germany's restatement of her war claims, together with the many political and economic changes reported from abroad were the absorbing features of an irregular and inconclusive week in the stock market.

The event of the new fiscal year, with its enlarged interests and dividend disbursements, brought little trace of the demand of the security which in normal times invariably accompanies that important period.

Aside from an irregular suffering of some of the Liberty bonds, the investment market remained in its long sustained state of deadlock.

Purchases by a banking house of \$200,000,000 Union Pacific 6 per cent notes, which will be offered to the public will afford the first test of investment conditions in many months. The monetary situation was distinctly easier.

High pressure of production continued in the steel and iron industry. The United States Steel corporation working at 95 per cent of capacity. Crop conditions were somewhat impaired by recent unseasonable weather.

ONEONTA MARKET.

Captured British Colonel Gives Description of Fight.

ESCAPES AFTER SIX HOURS

Acting Brigadier General Held Behind German Line Says Mist Defeated the British Fifth Army—Knocks Down Two Teuton Guards and Then Makes His Way to English Positions.

It was the British Fifth army which let the Germans through toward Amiens. For a time the facts were somewhat obscure. Much new material has been collected, and the authorities are now able fairly accurately to reconstruct its opening stages. One of the most valuable stories is that supplied by a colonel, acting brigadier, who was temporarily taken prisoner and had the unique experience of watching the German advance from the German side for a period of more than six hours.

General Gough, who was in command of the Fifth army, was relieved of this command as an unsuccessful general, but subsequent information about the battle does not show that any specific charges can be brought against him.

From the facts now known it is astonishing, not that the Fifth army failed to hold the Germans, but that they were able to resist as they did. The men fought like lions. Rear guards died where they stood to save the rest of their comrades, and the retreat this army accomplished has been described as a "miracle."

Line Held Lightly in Men.

For reasons which are not disclosed the line of the Fifth army was lightly held in men, but strongly in every article of modern defense. It was the mechanical part of the defense which failed or, rather, was neutralized at the crucial moment.

It is not possible to go into very great detail, but the most serious of the minor breaks which occurred and the one which developed into the most menacing, was that in the neighborhood of St. Quentin. It was through this principally that the German forces poured. A few divisions of I. A. reserves were thrown in, but these were soon mopped up in the fighting with superior German forces.

In the reports of the battle it will be noted that the reserves came to the rescue of the retreating Fifth army. This was not a chance happening decided upon after the battle began. The battle dispositions of the allied armies provided general reserves for the Fifth army. In point of fact, these reinforcements were delayed in coming up, which makes the work of the retreat of the Fifth army all the more remarkable.

It was between the breakthrough by General Von Hutier at St. Quentin and the arrival of reinforcements that the nondescript forces of engineers and laborers collected by Brig. Gen. Sandeman Carey saved the line.

Secret of German Success.

The secret of the German success against the Fifth army was the extraordinarily heavy mist which developed on the morning of the attack. The British knew the attack was in preparation, and in anticipation of it had developed a most elaborate system of traps and cross-fire arrangements, which were considered sufficient to shatter any advance by the enemy.

What perhaps the British did not know was the exact moment when the attack would be delivered, and what they could not foresee was the extraordinary weather conditions which prevailed.

The British line of defense consisted first of all of a line of outposts; inside of this was the carefully sighted battle zone, at the boundary of which was the line of resistance. What happened on the day of the attack was that the Germans effected a surprise by advancing right up to the outposts without being seen and by terrific weight of numbers rushed the battle zone in which the carefully planned cross-fire which was to wither up the enemy forces could not be used to effect on account of the blinding mist.

The personal story of the above-mentioned brigadier who was captured temporarily by the Germans is probably one of the most thrilling of the war. When the brigadier had watched for some time in admiration, as he admits, the silent clockwork advance of the Germans he began to wonder what a pity it was at such a crisis that an able-bodied man should remain in forced idleness.

He was being marched off by a couple of medium-sized Germans, whom he based on the head at a propitious moment. They and others were up and after him in a moment. But he decided to make a dash for liberty. His eye at that moment lit upon a blazing dump which he made for, knowing the Germans would not dare to follow.

By good luck the dump did not explode while he was near, and he subsequently found his way back to his own lines.

Aged Seeds Germinate.

Connelville, Pa.—When "Annie Jane" Abraham, of Smithfield, accidentally broke a gourd that had been in her family for more than fifty years a number of seeds rolled out. She planted the seeds and they have begun to germinate.

U. S. Soldiers Taught English.

New York.—Y. M. C. A. war work secretaries are teaching the English language to thousands of enlisted men. These men in many cases cannot even understand the commands.

HANDICRAFT FOR BOYS

By A. NEELY HALL.

Author of "The Handy Boy," "The Boy Craftsman," "Handicraft for Handy Boys," etc.

(Copyright, by A. Neely Hall.)

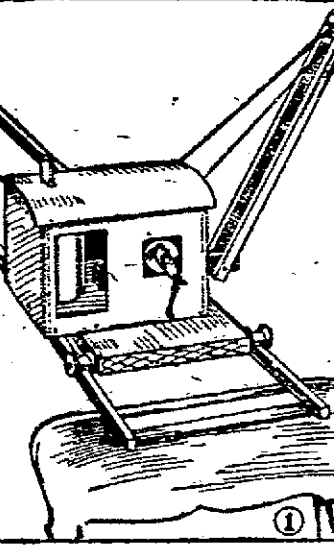

A TOY CRANE

This little crane travels along an elevated track supported at its ends upon the tops of chair backs (Fig. 1). Fig. 2 shows details of the crane, windlasses and turntable, and Fig. 3 the cabin walls and roof. The crane boom is made of two strips (A, Fig. 3) 14 inches long, with a short block (B) fastened between, one and one-half inches from one end. Bore a one-fourth-inch hole through each strip near the upper end for the axle C (Fig. 4) to fit in, and a one-eighth-inch hole near the lower end through which to pivot the boom. Make the pulley of two spool ends nailed together (Fig. 4).

After completing the boom, cut beam E (Fig. 2) about eight inches long, to fit between strips A of the boom. Cut the windlass block F (Figs. 2 and 5), and bore a hole through it for a one-

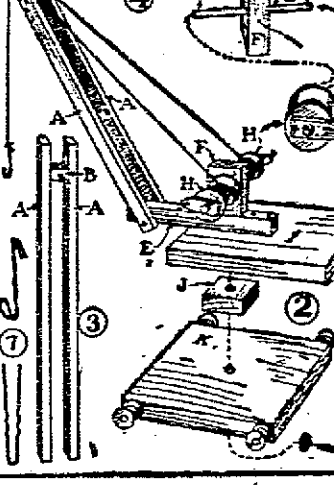

fourth-inch stick shaft (G) to run through. Make the windlass drums out of spools, with cranks tacked to their ends as shown in Fig. 6, and after slipping them upon the shaft drive brads through the shaft ends to hold them on. Nail beam E to the lower edge of block F, then nail it to the turntable (I), a block five by eight inches in size. Center the beam in the width of the turntable, and allow three or four inches to project over the end, as shown in Fig. 2.

The turntable I is pivoted upon the base K, a block eight inches square, with a small block (J) inserted between them. Bore a one-fourth-inch hole through the center of base K and block J, so the screw pivot will turn freely, and slip an iron washer

over the screw to keep its head from pulling through the holes. Screw the lower ends of the boom sticks A to the end of beam E. Drive a nail into block B, attach one end of a three-foot piece of cord to it, and the other end to one windlass. This is the cable by which the boom is raised and lowered. Use a cord five or six feet long for the hoisting cable, tie one end to the second windlass spool, run the cord over pulley D, and tie the other end to a hook bent out of a hairpin (Fig. 7). Fig. 1 shows how the windlasses are laced by loops of string.

Build the cabin of cardboard. Fig. 8 shows the front and one side. Cut the two long openings in the front

for the cables to run through, and the square opening for beam E to fit in; and cut the square opening in the side of the right side and in the right place for the windlass spools to pass through (Fig. 1). There need be but one doorway. Tack the walls to the edge of the turntable, then bind together the corners with paper strips. Make the tracks of strips just wide enough for the spool wheels to run upon, and connect them with cross-pieces.

Natural Gas.

Natural gas is probably formed in the earth by a process of natural distillation from the animal and vegetable remains of past geological epochs, and is nearly the same product as is distilled from the coal in the retorts of gas factories only. Instead of the heat of fires, the internal heat of the earth, aided perhaps by chemical decomposition, has caused its formation on a huge scale.

Imperfect Flapjack.

The Toledo Blade thinks that it requires physical exercise after eating to make the flapjack a success. There must be something wrong with the Toledo flapjack if that is true. Here in Houston, after the fourth flapjack one beholds the sky as a bouquet of rainbows and then begins to dream.

Annatto Production.

The shrubby tree that yields annatto is now extensively cultivated in tropical America. The ripe capsules are gathered by women and children, the seeds extracted and boiled and the liquid, after straining out the seeds, allowed to ferment. The dye settles to the bottom and is evaporated in pans to the consistency of putty. Wrapped in banana leaves, it is the annatto of commerce.

Share Dangers With Soldiers

Y. M. C. A. Workers Are Almost Constantly Under Fire in France.

MANY HAIRBREADTH ESCAPES

Moment's Delay Saves Red Triangle Man From Death by Shell—Experiences That Are Test for Real Man.

Washington.—Bursting shells are everyday, everywhere experiences in the lives of all soldiers and Y. M. C. A. workers anywhere within 25 miles of the Boche guns. Dr. George Louis Meylan, who has just returned from France where he was engaged in recreation work for the Y. M. C. A., threw some strong light on the conditions under which all persons back of the trenches live—and die. He had been asked to tell some specific instances of "Y" workers under fire in first-line trenches.

"Those over here who have not been in the war zone must forget their old-time ideas of warfare and its dangers," said Doctor Meylan. "Forget this old idea of open fighting, with troops battling across a plain the size of a large athletic field. Modern artillery shoots for miles and is always shooting. Every person within 20 miles of the trenches is under fire practically all of the time, yet the reports do not call this a battle. The reports announce 'The artillery was active,' and that means shells anywhere five to twenty-five miles back of the trenches.

Dodge Shells Constantly.

"Early in April the Germans made night raids and their airplanes were active in bombing. Two of my organizers were visiting camps eight or ten miles back of the front-line trenches. The Germans kept up the bombardment for three days during which time those 'Y' men were dodging shells constantly.

"On the second day they were in a Foyer de Soldat—one of the soldiers' recreation huts provided by the French with 'Y' men in charge—when, within five minutes two shells struck, one a few yards away, the other hitting the hut. The 'Y' men were thrown down by the concussion. It seemed a miracle they were not hit, for soldiers were killed and wounded all around them.

"It is strange that although we have only about one woman worker to every hundred men workers, not a single 'Y' man had been killed up to the time I left France, whereas Hun shells had killed two of our women workers, Miss Crandell and Miss Winona Martin.

"In a certain woods the shells were dropping so thickly that the French commander ordered our men to abandon their huts. As the order was not received until evening, a 'Y' man of my acquaintance decided not to leave until next morning as he wished to take his stuff. Next morning he was approaching the hut when a French officer stopped him to exchange farewells. This took little more than a minute, and the Red Triangle worker started on his way when a shell exploded on the path near the hut at the point where he would have been had he not been detained.

"Close Calls Every Day.

"Some 'Y' workers are having hairbreadth escapes every day, not every man every day, but each in his time with a regularity to justify saying some men every day. Eight of our men with the Canadians have been killed, and we cannot expect to escape unscathed. They work from six o'clock in the morning until eleven o'clock at night, seven days a week, with a week off every three months—and many never take their week off. On one occasion of which I know the workers were up at three o'clock in the morning with hot coffee to warm the French soldiers coming in after a three-mile wade through mud and rain. Those Poilus appreciated that.

"Many of our workers slept on the ground in zero weather this winter, with nothing but a blanket between them and the frozen earth, and with no shelter but a hut made often of green lumber which warped, letting in icy blasts. A test for a real man.

"I went forward toward the trenches to meet the American soldiers coming back after their baptism of fire at Chemin des Dames and they were all eagerness for more. The Germans had sent picked troops against them, their strongest men in brand new equipment, to impress the Americans that Germany had an abundance of everything, material and robust men. Quite a contrast to the ill-equipped emaciated men the French had taken prisoners. The Americans gave such good account of themselves in this fight that the French could not praise them enough."

DELAWARE COUNTY NEWS

DUTIES OF CITIZENSHIP

Definitely Explained by R. Hume Grant to Equal Suffrage League.

Delhi, June 30.—Before the Delaware County Equal Suffrage League convention R. Hume Grant of Hobart and Delhi was the speaker on Friday afternoon. His subject was "Practical Local Suggestions on the Election Law. Manner of Enrolling, Registering and Voting."

Having been the acting election commissioner of this county for some time, no one is better qualified than Mr. Grant to give the new voters advice as to these matters, with which he is thoroughly familiar. He complimented the ladies on the fact that in a total enrollment of women in this county of 5,555, there were but 5 void ballots and 15 with no designation. He then made clear the manner of enrolling, registration and voting, interspersing the same with much good practical advice. He showed the foolishness, if not criminality, of enrolling under one party emblem in order to control the nomination in that party in the primary of some candidate when, in fact, the voter belonged to another party and intended to vote at election.

His whole address was replete with facts interesting, instructive and full of practical worth.

Marriage of Well Known Couple.

Married this week in Connecticut, March Farrington, a prominent farmer, to Miss Emma Briggs, both of this town.

Delhi Locals.

J. Henry Hitt, C. A. Sanford, J. S. Archibald, S. A. Dugan of Margareville were here yesterday on business.—E. O. Harkness motored to Birmingham on Tuesday on business.—Mrs. G. A. Silliman, wife of Dr. Silliman, now with the U. S. Army in France, starts tomorrow for Sayville, where she will spend the summer with her parents. She motored through with her own car.—E. C. Jacobs of New Paltz is here for a few days.—Rev. W. Corland Robinson, who is pastor of a large Presbyterian church in Philadelphia, is in town at his country residence, on Cherry hill, for the summer.—Wyatt Frisbee has been at home on a short

furlough.—Rev. John A. Wright, pastor of the Baptist church, preaches his farewell sermon Sabbath evening. He is going in the Y. M. C. A. work.

Many Delegates from Delaware County Attend Meetings at Delhi.

Delhi, June 30.—The Good Citizen convention called by the Delaware County Suffrage League of which Mrs. Henry W. Cannon of Delhi and New York city is Assembly District Leader, was largely attended by delegates from various parts of the county.

The addresses by the different speakers were timely and interesting. In the evening a "win the war" mass meeting, which was held in the Second Presbyterian church, was a great success. Besides local speakers, the addresses by Lieut. Thomas M. Judson of the British-Italian Field Corps and Miss Helen Fraser of the National War Savings committee, London, contained a mass of information on war conditions at the western front in France. The singing by the children was a pleasing feature of the exercises.

Call for 60 Men.

The Exemption Board has been notified that it will be called upon to furnish 60 men about July 22.

More Men Enlisted.

The following have enlisted and will leave here July 1 for a technical school at Buffalo: Howard Graham and Harry Delamater, Delhi; Ralph George, Arkville; Clarence E. Rikard, Grand George.

Those Who Come and Go.

Mr. and Mrs. Nelson S. Gray have been visiting her parents, Mr. and Mrs. Leonard DeGroot, A. Grooville.—The sum of \$25 was realized at a five hundred party, given at the residence of Mr. and Mrs. H. S. Hall this week, for the benefit of Village Improvement Society.—The Delaware Academy High school graduates went to Sherman lake, Davenport, on a picnic Thursday.—Fred J. Stevens has sold his blacksmithing business to George Johnson.—Barnes Signor of the U. S. Navy, is home on a furlough.—Howard Youmans, a former resident here, has taken a U. S. government position, and is located at Newport News, Va.

Judge Kellogg at Roxbury.

One of the big numbers of the program was the address to the class by Judge A. L. Kellogg of Oneonta, who was introduced by Prof. T. C. Bookhout. For many years it has been our duty and privilege to chronicle the events of Commencement week in Roxbury, and we are justified in saying that the address by Judge Kellogg was the most scholarly and appropriate of any address to a graduating class, to which we have ever listened. The people of Roxbury hope that they may have the prized privilege of listening to this talented speaker again.—[Roxbury Times.]

576 Wright's delivery. advt tf

SIDESTEPED THE DANCE

Rev. Mr. Summerson of Davenport Center Played for Entertainment Only

The Star has received the following communication from Rev. George Summerson, pastor of the Methodist Episcopal church at Davenport Center, which corrects a statement inadvertently made relative to his participation in the Thrift Dance recently held at Sherman lake:

"I see in your issue of June 28 a statement that the Thrift Stamp dance was a success, and the Rev. and Mrs. Summerson took part. Such is not correct. There was a Thrift Stamp entertainment, consisting of Patriotic speeches and songs. Rev. Summerson played his violin, accompanied by Mrs. A. Young, at the piano, after which Mr. and Mrs. Summerson sang a duet, 'The Minute Gun at Sea.' The instrumental music played by Rev. Summerson was the overture, 'La Calipe of Bagdad,' the other part of the entertainment was patriotic addresses and songs, ending with the song, 'Onward Christian Soldier.' Every person in the hall paid twenty-five (25) cents, for which they received a Thrift Stamp. Hoping you will publish this as a correction to the statement published June 28th."

Enrollment of Women.

In Delaware county 5,555 women enrolled as follows: 3,782 as Republicans, 1,163 as Democrats, 550 as Prohibitionists and 30 as Socialists. Last fall 9,999 men enrolled of whom 6,253 as Republicans, 3,265 as Democrats, 277 as Prohibitionists and 157 as Socialists. The total enrollment of the county is 15,549, divided as follows: Republicans 10,063; Democrats, 4,426; Prohibitionists, 837 and Socialists, 197.

The total number of women enrolled in Schoharie county is 3,685. Of this number 1,745 are Republicans, 1,329 Democrats, eight Socialists, 593 Prohibitionists, four blank and one void enrollment; blank. The women have been very active in this work as nearly all the canvassing of the enrollment was done by them.

In Otsego county the figures are not available as they have not been tabulated by the election commissioners.

Lawn Fete at J. T. McDonald's. On the evening of the Fourth a lawn fete is to be held on the lawn of John T. McDonald, Delhi, for the benefit of the Red Cross. The Elk Creek Women's club are to contribute the war delicacies which are to be on sale. There will be music and short speeches.

Named as Federal Director.

Richard O'Sullivan, long superintendent of the Ulster and Delaware railroad, has been named as federal director of that railroad. President Edward Coykendall preferred to remain as president in charge of the corporate affairs of the company.

Secures Position in Walton.

Miss Helen M. Waterbury, daughter of Postmaster Waterbury of Ballston Springs, has accepted a position with the county conservation agent of Delaware county and arrived in Walton on Friday to commence her duties.

DEATH AT LAURENS.

Frank Whiteman Had Suffered for 18 Years from Tuberculosis.

Laurens, June 30.—Frank Whiteman passed away at his home here Saturday evening at 10 o'clock, after a 18 years' struggle with tuberculosis. He was born at Middlefield 35 years ago and 33 years ago he married Mrs. Carrie Starkborn of New Lenox, in which town they resided until nine years ago, when they removed to Laurens. The near relatives are the widow; one daughter, Mrs. Samuel Richards of this place; three stepchildren, Albert Barth of Schoenectady, Mrs. Jess Card of South Hartwick and Mrs. Vernon Barton of Mt. Vernon; also one sister, Mrs. Howard L. Butts of Laurens, and one brother, Arthur J. Whiteman, also of this city.

Throughout his long illness Mr. Whiteman has been a patient sufferer and ever thoughtful of others. He had a devoted family and a host of friends and enjoyed the esteem of all his neighbors. The funeral services will be held on Tuesday with a brief service for the family from the residence at 2 o'clock and a public service from the Presbyterian church at 2:30 o'clock. Rev. Mr. Becker will officiate and interment will be at Mt. Vernon.

LIEUT. SEEBER IN ITALY.

Consul General Wilber Cables Safe Arrival of Milford Boy.

Hon. D. F. Wilber, consul general for the United States at Genoa, Italy, on Saturday cabled the following to Dr. and Mrs. W. R. Seeber of Milford: "Lieut. Seeber arrived safely, sending love and greetings from us both to all Milford and Otsego county friends."

Lieut. Carl Seeber is a son of Dr. and Mrs. W. R. Seeber of Milford and recently sailed with his ambulance unit, which had been stationed at Ajaccio, Pa., on duty abroad, but not until the arrival of the message was it known about the county at least that they were destined for service with the Italians. News of his safe arrival sent with the greetings of both himself and of Consul General Wilber by all friends. The message is characteristic of the loyalty to old friends of the former congressman now so successfully engaged in the consular service.

WAR VETERAN AT SIXTEEN

Thomas Joseph Kehoe of Liverpool, England, has the unusual distinction of being a war veteran at the early age of sixteen. He enlisted when he was fifteen and but 4 feet 10 inches in height when sent to the front line trenches. What he lacked in size he made up for in fighting spirit; and when the enemy launched an attack on the Ypres sector, where Kehoe was stationed, he jumped right into the thick of the fight. He was wounded in the thigh and as he lay helpless on the field a German knocked him senseless with a blow from the butt of a heavy rifle. Kehoe was picked up by Red Cross nurses after lying in a shell hole for more than 48 hours.

Composition of the Ark.

The first ship built of which we have any description is Noah's ark. Assuming a cubit to be 18 inches, the ark was 450 feet in length, 75 feet in beam, and 45 feet in depth. It was built of gopher wood, or of cypress, which, like cedar, is suited for parts of a ship under water.

New Rock-Boring Machine.

A new machine fitted with pneumatic hammers and chisels is able to bore through hard rock at the rate of about nine feet in 24 hours. This machine was used in subway work in New York city, and marked a great advance in swift, safe and cheap rock tunneling.

WHAT THE PEOPLE ARE DOING.

All over the country the people are doing something in separate ways as war measures, and even a sketchy and fragmentary list of such activities may be interesting.

For example: The women of Oneonta county in Utah saved \$1,500 last month by remodeling hats and clothing under the supervision of the county demonstration agent. There were 350 hats remodeled, dresses made from coats and suits, waists from old shirts, children's clothing from women's dresses and boys' trousers and overcoats from men's old coats. Here is substantial saving for the war, since wool is wool and cotton is cotton this year, and the remodeled clothes mean just so much less new material required.

In Richmond, Va., the war kitchen which has been established, handles a ton daily of surplus fruits and vegetables by drying and canning. Throughout the middle west foreign-speaking people are being instructed in canning, and in addition to the teams of college workers sent out by the national government, volunteer members are working among the foreign born or speaking to people in thirty-three states. In this connection the priests of the foreign churches are enlisting and they are urging their women-members to attend and are themselves taking a practical interest in the work.

Before the war flax was chiefly grown in the northwest for the seed, the oil from which, expressed, is the linseed oil used so universally in the best paints. Formerly after the seed was gathered, the flax fields were set afire and the stalk and fibre burned away. Now that the war makes it difficult to secure linen from abroad, the growers in the west are being encouraged not only to sow larger acreage for the oil, but manufacturers are also to prepare the fibre for use in making cloth.

Forty extension dairy workers of the department of agriculture are in the south this summer, and everywhere meetings are being held to discuss the dairy problems of the southern states. For the first time in history, the south since the war began is coming to realize the importance of dairying as a home industry.

In the vicinity of Washington, D. C., the Arlington experiment farm is sending its surplus to the Walter Reed hospital for convalescent soldiers. Volunteers from the government departments do the work of harvesting after hours in the offices and the thousands of quarts of berries and small fruits have been sent to the hospital. During July and August the products of the farm will be canned and turned over to the hospital for winter use.

The paragraph above is at least suggestive of what can be done in our own country. The hospital at Coopersdown is to be used for wounded soldiers. Why not have that institution in mind when picking berries and fruit this year, and why not remember also the Otsego County Tuberculosis hospital, which on Wednesday is to be dedicated, and which will no doubt be long have among its inmates tuberculosis soldiers? Just think about it as the ripe fruit drops into your basket.

Already throughout the hay-producing sections attention is being called to the vast quantities of hay which will be required next winter at the army training camps. Accordingly it is urged that no hay fields be neglected and that every acre of meadow be cut and the product stored. A year ago there was much hay in the vicinity of Oneonta which was not cut, and other large quantities which after being cut was allowed to rot in windrows or in shocks in the fields. No such thing should happen this year. It is not a question of price, though no doubt this will be large enough to pay out. It is a question of loyalty and of patriotic duty.

These are a few only of the things which the people are doing or preparing to do. In hundreds of other spheres of activity, and this not merely in gardens or on the farms, people are being asked to do and to save. But at least they are saving a lot of how seriously, and how earnestly and actively the people of the United States are now taking hold of this war.

Arrives Safely Overseas. Dr. and Mrs. Julian C. Smith have received word that their son, Harold S. Smith, has arrived safely overseas. He is with a special detail of the Navy Aviation corps.

Mr. and Mrs. Eli Platt of Laurens have received word that their son, George Platt, is in France.

Word has been received by friends of the safe arrival of John N. Bender overseas.

Add Third Star to Service Flag. Conductor and Mrs. W. J. DeLaMater of 12 Fair street have added a third star to their service flag, the latest one being for their son, Roy, employed at Amsterdam but who left that place on Thursday for Camp Upton. All the sons of Mr. and Mrs. DeLaMater now have the proud distinction of being in the military service of the United States.

NEW COUNTY SANITARIUM

Otsego County Tuberculosis Hospital Open Early in July — Supervisors and County Officers Hold Reunion Wednesday — Addresses by State and Local Men of Prominence.

The Otsego County Tuberculosis hospital, for which the contract was signed September 9, 1917, and ground for which was broken about October 1, is now completed and will be ready within the first days of July to receive patients. This, in view of the general conditions as regards both labor and material, is a remarkable achievement, which has received unstinted praise from the state health board and from all who know the facts and realize how our long operations in general have lagged during the past month. The completion of a public building ahead of the time contracted for is such a feat as it is rare and has no parallel this year in the state.

On Wednesday afternoon, July 3, the present and past members of the board of supervisors and present and past county officials, with their families, will hold their annual outing at the hospital. Luncheon will be served to the party at 2 p. m. by the ladies of the Mt. Vision Red Cross. Afterwards a short program will be rendered. Hon. Charles Smith of Oneonta, chairman of the board of managers, will preside and there will be addresses by representatives of the State Health department, of the State Charities and Association and by well-known speakers of Otsego county, after which the building and grounds will be inspected.

All residents of the county of Otsego who desire to do so are cordially invited to attend the exercises, which will begin at 2 o'clock, and to inspect the building during the afternoon.

PUBLIC SERVICE COMMISSION

Recent Proceedings of Interest in Otsego and Adjoining Counties.

The Standard Light, Heat and Power company of Sidney has filed with the commission a new tariff schedule for electricity in the villages of Unadilla, Sidney and Bal-bridge. The changes all involve increase of rates heretofore in effect.

The Mohawk Hydro-Electric company has filed a supplemental petition asking approval of the franchise granted to the County Electric company. Steps are under way for the transfer of the property of the latter company to the former, and the Mohawk company desires to operate in Cobleskill under the transfer to it of the assets and franchise of the County company.

Lee D. VanWoert esq. of Oneonta, as attorney for the Great Bear Light & Power company, in an answer filed by the company to a complaint of citizens of Richmondville, alleges financial disability as the principal reason for not providing proper lighting service for that village. The Public Service commission on Thursday gave a hearing on the complaint of J. O. & G. N. Rowe of Oneonta against the pick-up service of the National Express company for the 7:20 a. m. train on the U. & D. road. O. B. Rowe was sworn for the complainant and C. F. Colvin of Albany for the express company. Decision was reserved.

PEOPLE'S PARLIAMENT.

The Star disclaims all responsibility in regard to the views of correspondents expressed in this column and will not be held as endorsing them because publishing them. This column is intended to be for the people's use, the place where all can be heard whose statements are unobjectionable. The communication must be accompanied by the name and address of the author. If requested, these will not be published, however.

Wastefulness of Fireworks.

Editor Star: I am decidedly surprised and shocked that an American citizen in this city should at this time above all other times advertise fire works to be sold. Men and women all over this state have been urging people to save and conserve all the man power possible and the government has insisted that every wage earner save and buy War Savings Stamps. And to look at the sign "Fireworks For Sale" in the face of all that we have been and are going through makes a patriot's blood boil. No city should have within its borders men and women who are willing for their children to waste their money for the purchase of fireworks at such times. American Citizen.

Otsego's Jail Vacant.

Sheriff E. F. VanZandt announced Wednesday morning, with a smile of satisfaction, that there was not a single prisoner in the Otsego county jail. They were all at work at the county farm, the last one having been inducted into service at the farm that morning at his own earnest request. The man, as Deputy Scott Lorton explained, was not really "eligible" to work, as he was not a sentenced prisoner, but was being held on a court order. He was lonesome, however, and begged to be allowed to accompany the other prisoners to the farm. Since the plan of employing the prisoners at the farm has been in operation, only one man has ever made any objection to working and he was persuaded to change his mind without much trouble. The scheme is working so exceedingly well that the only regret of the county officials is that it was not inaugurated years ago. The work at the farm is being well taken care of and besides cultivating the crops the men have found time to get out 90 cords of wood and prepare it for the stores.

With the extreme scarcity of labor this season it is probable that the superintendent of the poor would have had the greatest difficulty in securing help for the farm work, but for the assistance of the men from the jail. (Otsego Farmer.) Baker's extract are used exclusively by the U. S. government in the national homes.

COMMENTS OF THE PRESS

Things Unexplainable.

Among the things unexplainable is how a girl can let herself be snatched by the camera when playing tennis. (Burlingame Enquirer.)

How Russian Society Scatters.

Kerensky in Paris and Lenin in Berlin and the Czar sitting on the back steps: how Russian society has scattered this summer! (Philadelphia Evening Ledger.)

A Great Awakener.

As the German government is now "ready conscientiously to discuss" proposals to cease air raids on unprotected cities, we judge that the successful reprisal is a great awakener of conscience. (Milwaukee Sentinel.)

Messengers Had Passes.

All apprehension lest the Western Union might have had to pay railway fares for the messengers it employed to cheer the porroches by carrying "night letters" was ill founded. The W. U. had thought of that. The messengers had passes. (New York World.)

A Long Way to Vladivostok.

Advocates of United States intervention in Siberia should remember that it is an exceedingly long way across the Pacific to Vladivostok for the transportation of large bodies of troops; and also, that our soldiers are all needed on the west front. (Albany Journal.)

The Different Georges.

It would have been impossible to convince the third George of England that the fifth George would one day eat buckwheat cakes in an American canteen at his capital and practice baseball to participate in a Fourth of July celebration. (New York World.)

The Bible in Austria.

Vienna rioters ask the Austrian premier for bread and then give him a stone. (Washington Post.)

The Germans are Finding Out.

The two smashing blows at the German line simultaneously delivered by the French and British in widely separated sectors are presumably not to be interpreted as more than local operations designed primarily to improve positions against a resumption of the German offensive. But as tests and disbursts of the enemy's morale they may yield much greater than local results in gains of ground and prisoners. Matters are clearly not going well with Germany and the Central Alliance, and what the people at home are beginning to find out on that score the soldiers at the front must soon know. (New York World.)

Oneonta Fair Privileges.

The Central New York fair, which will be held in Oneonta on September 16, 17, 18, 19 and 20, has sold the following privileges at the prices named: Hot candy, \$250; hot frankfurts, \$250; merry-go-round, \$200; snap the whip, \$175. Evidently the privilege men are anticipating a big crowd at the fair this year.

WAR SAVINGS STAMP DRIVE

Saturday a Busy Day—Total Receipts
Reach \$70,000 Sold or Pledged—
Drive Continues This Week.

The War Savings Stamp drive is still on! It will be on for several days as the authorities desire that no one be overlooked who can and will pledge and buy the stamps. This request was made to the local committee Saturday and an effort will now be made to keep the drive open till the 6th inst.

Saturday was a busy day in the post office as well as in the various wards where the volunteers working for the pledge of the sale of War Savings stamps. At the stamp windows in the post office all day Saturday a string of people were busy purchasing stamps, and when night came it was evident that few of the stamps were on hand. Postmaster Beams made requisition at once for a new issue and these will be here this morning ready for business. The post offices adjacent to Oneonta ran out of the stamps and they too also requested this city to come to their assistance. Accordingly this was done.

Complete reports were not ready for publication Saturday night, and inquiry failed to get the complete data. The local director, however, was able to state that in his opinion at least \$70,000 of War Savings stamps have been sold or pledged in this city and that he is hopeful that this sum will be materially increased within the next few days in view of the fact that several of the solicitors have not made a complete return.

Most of the industries have completed their work but there are still some missing. Throughout the county reports are most encouraging and in some places the returns are exceedingly gratifying. In any event the county as a whole will roll up a big list of people who have pledged and will buy the stamps before the end of the year.

DETAILED TO CAMP DUTY.

Lieutenant Louis M. Baker Called to
Boys' Training Camp at Blauvelt.

Lieutenant Louis M. Baker of Company G, New York guard, has been detailed for duty at the boys' training camp at Blauvelt and leaves for that place this morning, where he will be engaged for the month of July at least as one of the officers in charge of the training of the boys at the camp.

Boys from the ages of 16 to 19 years are given military instruction as a part of the state's training for military duty. A large number of boys are to receive training at the camp and the assignment is considered a desirable one and one also that is credit to Lieutenant Baker's standing in the guard.

Gov. Whitman at Cooperstown July 4.

Governor Whitman will visit Cooperstown July Fourth, arriving there at 4 p. m. He will be given a review, and a large parade is being arranged. The parade will be headed by Company G, the Oneonta and Cooperstown platoons being united for the first time since their organization. The issue of uniforms and equipment to the Cooperstown platoon will be completed Wednesday. The Oneonta company will go by trolley and will be given supper by the citizens of Cooperstown and will return in the evening.

Emergency Help Conference.

The emergency help proposition will be discussed this morning at 10 o'clock in the Chamber of Commerce rooms by a committee of which M. G. Keenan is chairman. Those called in to make preparations for the securing of such help will go carefully over all the details and endeavor that this city get in line with all other towns in the county.

Meetings Today.

Regular communication Oneonta Lodge No. 466, F. & A. M., this evening at 8 o'clock. Work, Master Mason. Last meeting before summer vacation. Light refreshments will be served.

The King's Herald of the Methodist Episcopal church will meet this afternoon at 2 o'clock in the church parlors.

No Candidates Appeared.

Though there was a State Civil Service examination scheduled on Saturday last to be held at the office of George L. Gibbs esq. in this city, there was none held as no candidates appeared. The next examination in Oneonta will be held on Saturday, August 3.

Woman's Club.

Regular meeting of the board of directors in the club rooms this afternoon at 4 o'clock.

—Miss Howe's class will assist in instruction this afternoon and Mrs. Millard's class this evening at the surgical dressings rooms.

TWO WOMEN STRUCK BY AUTO

LIVES ENDANGERED BY YOUNG
WOMAN LEARNING TO DRIVE.

Mrs. Blake S. Conner of Herkimer and Miss Grace E. Gurney of Earlville Struck by Car of Charles Schidick of Milford While Walking in Highway Near Portlandville.

Milford, June 30. — Mrs. Blake S. Conner of Herkimer and Miss Grace E. Gurney of Earlville were struck by the Ford car of Charles Schidick, residing on rural route No. 1 of Milford, while they were walking from Portlandville to the home of Mrs. Conner's father, F. M. Thorne, about a mile above Portlandville on the state road, shortly after 3 o'clock Saturday evening. Both ladies were knocked down, Mrs. Conner was quite severely bruised and cut about the left knee and the knee pan dislocated. She was otherwise bruised and today it is feared that she may have sustained internal injuries. Miss Gurney was struck in the back by one of the lamps, inflicting a painful injury, the full extent of which cannot be foretold. She also sustained a cut on the under side of the lower jaw and one two inches long on the back of the head, besides a severe sprain of one shoulder. One ankle was also wrenched. Both, however, escaped without broken bones. Both were taken to the home of Mr. Thorne by A. L. Irish of Oneonta, who came up shortly after the accident and rendered what assistance he could. Dr. W. R. Seiber of Milford was called to attend them. He hopes that no more serious symptoms will develop.

The two women had been in attendance at the Gurney family reunion at Schenectady and returned to Portlandville on the evening train and were walking to Mr. Thorne's home near the summit of the grade above Portlandville. They were nearing the house when they observed a car coming from Milford and they stepped to the roadside on their right. Shortly after they heard a second car coming up behind them from Portlandville and they stepped still farther to the right out upon the grass. This second car bore down upon them and while it was not moving rapidly it struck them squarely, inflicting the injuries stated.

The car proved to be a new Ford owned by Charles Schidick, residing on rural route No. 1 out of Milford. The car still bore a demonstrator's number plate. In the car were the son and daughter of the owner, the daughter, Miss Henrietta M. Schidick, being in the driver's seat and being taught to drive by her brother, who admitted that he also was a none too experienced driver. The women were well out on the grass and the indications are that the young woman driver, perhaps slightly confused by the approach of another car from the opposite direction, kept her eyes upon the women and like many another novice drove directly where she was looking. It appears that there was plenty of room to pass the women and then turn aside before meeting the other car or in fact plenty of room for the two cars to meet alongside of the women.

Miss Schidick graduated from the Oneonta State Normal school this month. She expressed deep regret at the accident and both she and her brother did all they could for the injured ones after the accident.

JAMES L. MATTESON RESIGNS.

Fourteen Years with Buckley Bros.
Co. and Seven Resident Manager.

James L. Matteson, for seven years resident manager of the factory and business of the Buckley Bros. company in this city, has resigned, the resignation taking effect on Saturday last. Mr. Matteson has been with Henry H. Buckley and allied concerns for 14 years. He went to New York with Mr. Buckley when the latter established the business there in 1904, and after about six months there he was transferred to St. Louis, Mo., and made western manager of the Buckley Bros. company, having charge of the concern in that city. Seven years ago he came to this city as manager and has remained in charge of the extensive interests of the company here, proving capable and efficient in every responsibility.

While he has no definite plans, his resignation was placed several months ago. He will retain Oneonta as his residence and doubtless his family will remain here in any event. He has an application on file for a position with the Quartermaster's corps of the army, an intimation having been given him that one or more positions were available for men having had experience in the manufacture of shirts. His many friends are glad to learn that he is to continue his residence here.

Stores to Close Early.

The following Oneonta merchants will close their stores during July and August every day at 5 o'clock except Saturdays to allow employer and employee more time for War Gardens and other work.

Wanted—50 bushels potatoes. B. L. Gates, 119 River street. advt. 4t

FATAL MOTOR CAR ACCIDENT

MRS. C. B. ROYAL, WIFE OF SUM-
MER, N. J., PHYSICIAN,
THE VICTIM.

Accident Occurs on Clay Hill Near
Gilboa and Car Was Moving
Rapidly Down the Hill Colliding
With Wagon of Calves—Sister of
Dead Woman Was Driving the Car.

An automobile accident, which was attended by the death of one lady, occurred just above the Gilboa creamery at about the noon hour Friday. A party of three ladies, Miss Mary Vedder, of Newark, N. J., her sister, Mrs. C. B. Royal, and Mrs. Mahavo, both of Summit, N. J., were on their way to Schoharie to visit E. B. Vedder, a brother of the two ladies' first named, and in coming down the clay hill, collided with a lumber wagon, belonging to Grant Schermerhorn of Manokill, heavily loaded with calves. It seems that the car, a Ford touring car, being driven by Miss Vedder, was coming down the hill at a pretty fast rate of speed, and as it turned the bend in the road the driver saw the loaded wagon but too late to stop the car and it crashed in the heavy wagon with great force. As the car struck the wagon it turned completely over. The impact was so severe that Mrs. Royal was thrown head first into the highway and the other two ladies over the fence into a pasture lot, Mrs. Mahavo landing in a barbed wire fence.

A hurried call was sent for help and Dr. Persons and others hurried to the scene of the accident. An examination showed that Mrs. Royal was suffering from a fracture of the skull and was unconscious and remained so until she died, which was about two hours after the accident happened. The injured lady was taken to the Gilboa house, where everything that could be done to save her life and alleviate her pain was done. The other two ladies were more or less injured but not seriously. The body was taken to the Vedder home in Schoharie. No blame can be attached to Mr. Schermerhorn for the accident. It is said that he was more than a wagon's length across the small bridge that spans the brook at the point where the accident happened, and was resting his horses when the car crashed into his wagon. He helped with the injured until they were brought to the village and is completely overcome with grief. He is one of the substantial men of the town of Conesville.

THE FOURTH AT FRANKLIN.

Patriotic and Sane Celebration with
Proceeds to Red Cross.

Franklin announces a "Patriotic, safe and sane" celebration of the "Glorious Fourth," the entire proceeds of the day to be donated to the Franklin Red Cross. At 10 o'clock there is to be a patriotic parade with the Red Cross, Soldiers' mothers, the Sheldon Rifles of Delhi, the Boy Scouts and Fire department, combined with floats and automobiles with musicians participating and the Downsville band leading the parade. At 12 m. a Red Cross cafeteria dinner will be served by the ladies of the Franklin Red Cross on the D. L. campus. At 1:30 p. m. the Franklin service flag, donated to the town by County Judge L. F. Raymond, will be unfurled near the post office with fitting exercises, after which a ball game between Delhi and Franklin will be played on the High School Athletic field. The Downsville band will be on the grounds.

At 7:30 o'clock the Downsville band will give a concert in front of the Franklin Inn and at 8:30 o'clock a minstrel show by the Franklin minstrels will be given at Rutherford hall. The admission fee will be 50 cents, but with each ticket the purchaser will be handed a 25 cent Thrift Stamp. There will be a short patriotic address preceding the minstrel show. The Downsville orchestra will furnish the music.

Quality Girls Take Vacations.

A number of the girls employed by the Quality Silk Mill, Inc., held a meeting Saturday afternoon and decided to take their vacations commencing today in order to help their employers, while endeavoring to secure temporary headquarters. This action when drawn to the attention of Harry Taylor, president of the company, was highly commended and the girls thanked for their thoughtfulness.

Up to the close of business Saturday evening, the mill officials had not closed any contract for temporary quarters. It is expected that this will be done early this week.

Joins Medical Reserve Corps.

Dr. Morton E. Brownell, wife and son of Ann Arbor, Mich., are guests of the former's parents, Dr. and Mrs. A. H. Brownell, in this city. Dr. Morton Brownell, who has resided his position as instructor in the medical department of the University of Michigan and has enlisted in the Medical Reserve corps, is awaiting his call to the colors, which will no doubt be received in a short time.

Now Is the Best Time
of the Year to Have
Your Furnace or
Heater Cleaned

Your heater deterior-
ates fastest through
rusting during the time
the fire is out, if the soot
and dirt accumulated
during the winter is left
in to draw and hold the
dampness.

Besides, if you wait
until during the fall
rush when everybody is
hurry for the winter,
we may not be able to
give you the imme-
diate service we would
like to. This you will
find true, especially if
it should be necessary
to order repairs to
come from the manu-
facturers, as the service
from all factories is so
handicapped by the
present conditions that
they are absolutely un-
dependable.

Leave your order
with us at once, and
thereby insure for your-
self the care of your
heater.

Yours for furnace ex-
perts.

PERSONALS.

H. D. Lee of Princeton was a caller
in the city on Saturday.

L. H. Burg, manager of the Strand
Theatre, is in Buffalo on business.

Dr. P. F. Bayne departed yesterday
for Albany on official business for the
school.

Owen C. Becker and family left
Saturday for a few days' sojourn at
Stanford.

Attorney A. G. Patterson of Watertown
was in Oneonta on business errands
on Saturday.

Judge J. W. Barnum of Clermont
Valley was in Oneonta Saturday on
legal business.

Mr. and Mrs. S. G. VanAlstine and
son of 16 Forest avenue are in Watertown
for a few days.

Leon Simmons, who had been visit-
ing his parents in this city, returned
Saturday to Watertown.

Frank M. Hill was at Roseboom
Saturday, where he spent the day
talking on numerous friends.

Mr. and Mrs. H. J. Warren and
daughter, Leatrice, spent Sunday with
relatives at Pleasant Brook.

Miss Dora Knapp of 32 Elm street
spent Sunday at the home of her
uncle, Otto J. Koon, of Wells Bridge.

Lulu and Roland Hill are spending
their vacation at the home of their
aunt, Mrs. Richard Davidson, Cooper-
stown.

Miss Ada K. Smith of the Normal
faculty, her friends learn with regret,
is again quite ill and is an inmate of
the Albany hospital.

Mr. and Mrs. Henry H. Buckley of
this city and W. D. Buckley of
Des Moines, Iowa, are spending a few
days in New York city.

Mr. and Mrs. S. A. Disrow arrived
home last evening after a few days'
visit of the families of their two sons
residing in Schenectady.

parted today for a motor trip to Phila-
delphia, Pa., for a visit with Mr. and
Mrs. Clarence Baker. The latter
couple will meet them in New York
and accompany them from there to
Philadelphia.

Harold J. Snoddy, whose mother re-
sides in the city, graduated last month
from the class of normal industrial
training at the Mechanics institute at
Brooklyn. Accompanied by his mother,
who had been visiting in Albany,
he arrived in Oneonta last evening.

Mrs. Blanche Vanderzee Patterson,
wife of Dr. C. F. Patterson, who is
vice principal of the Tarrytown
schools, having completed her school
term, arrived in Oneonta Saturday
evening as a guest at the resi-
dence of Dr. and Mrs. J. H. Shore, where Dr.
Patterson, who recently returned
from New Mexico, is a guest.

Miss S. E. formerly of this city
now a resident of Troy, arrived in
Oneonta last evening and is the guest
of Carl L. Searles, today, accom-
panied by his mother, Mrs. M. W. G.
Shore, who has been staying with
Mrs. R. E. Morgan of Watkins avenue.
He leaves for Mt. Vernon for a
two weeks stay on the old home-
stead.

DEATH OF ALEX BELL

Well Known D. A. H. Conductor,
Long Time Ill, Passes Away.

Alexander Bell, for 26 years a res-
ident of this city and until failing
health compelled his retirement some
six years ago, an employee of the D. A.
& H. as conductor, passed away at
his home, 75 Grand street, Sunday
afternoon at 4 o'clock, death being
caused by a sudden disease of the
heart. The funeral services will be
held Tuesday afternoon at 2 o'clock,
from the residence, Rev. Dr. Charles
S. Peterson, of the Free Baptist
church officiating.

Mr. Bell was born at Sparrowham,
a suburb of Port Jervis, Jan. 1, 1857,
the son of John Bell and Mary John-
son and he resided there until 13
years of age when he removed to One-
onta and has since resided here. He
was united in marriage with Hattie
Collins of Port Jervis, March 12,
1880, and in the fall of that year they
came here. He had been a member
of the Order Railway Conductors for
25 years. He was a man intensely
devoted to his home and many
friends will mourn with regret of his
departure.

He is survived by the widow, one
daughter, Mabel, wife of John Crutt,
now residing in Elmira; one brother,
John Bell of Franklin street, and by
two sisters, Mrs. Anna O'Leary of
Newton, N. J., and Mrs. Maggie Boyes
of East Hartford, Conn.

MARRIAGES

Boating-Easley.

A pretty wedding took place at the
home of the Misses Carrie and Ella
More, Roxbury, Saturday, June 29,
when Miss Hazel W. Easley became
the bride of Fred B. Boating of One-
onta.

The double ring service was used.
The Rev. Tallman Bookhout officiat-
ing.

Immediately following the cere-
mony the guests were served a deli-
cious wedding dinner.

The bride is a graduate of the Rox-
bury High school and was graduated
from the Oneonta Normal school in
the class of '17. Since graduation
she has been a member of the faculty
of the Oneonta High school.

The groom is the son of Mrs. Nellie
E. Boating of this city, and is a well
known and popular young man, hav-
ing been employed with the D. &
H. for several years, but more re-
cently with the New York Central,
at Yonkers.

Mr. and Mrs. Boating were the re-
cipients of many valuable gifts, in-
cluding gold, silverware, liberty bonds
and linen, as tokens of the high es-
teem in which they are held by their
friends.

Their wedding trip has had to be
postponed, owing to the fact that Mr.
Boating has been unexpectedly drat-
ted and will leave this morning for
special training in the Buffalo Tech-
nical High school.

The guests from out of town were:
Mrs. Nellie E. Boating, Mr. and Mrs.
F. E. Wendell and Mr. and Mrs. H.
Burgett of this city; and C. A.
Nahle of Catskill.

THE THRICE-A-WEEK EDITION OF
THE NEW YORK WORLD
IN 1918

Practically a Daily at the Price of a Weekly. No Other Newspaper in the World Gives so Much at so Low a Price.

The value and need of a newspaper to the household has never been greater than at the present time. We have been forced to enter the great world war, and a large army of ours is already in France. You will want to have all the news from our troops on European battlefields, and 1918 promises to be the most momentous year in the history of our universe.

No other newspaper at so small a price will furnish such prompt and accurate news of these world-shaking events. It is not necessary to say more.

The Thrice-A-Week World's regular subscription price is only \$1.00 per year, and this pays for 135 papers. We offer this unequalled newspaper and The Daily Star together for one year for \$1.50.

The regular subscription price of the two papers is \$5.00.

POLITICAL ADVERTISING.

HILL'S NOMINATION CERTAIN, DECLARES BINGHAMTON PRESS

Independent Newspaper Says
Senator's Record At Albany
Will Win Him Record Breaking
Majority As Candidate For
Congress.

"BUSHWHACKING IN DISFAVOR"

The nomination of Senator William H. Hill for Congress on the Republican ticket, and his election by the largest majority ever given a candidate in this district is predicted in The Binghamton Press, following a canvass of the four counties in the district.

"Throughout the district there is a feeling that Senator Hill is fitted to represent the district by reason of his experience in the State Legislature and his good record in Albany," declares the Press which devotes three columns to a review of conditions in the district and an analysis of the four years work of the Senator in the Legislature. The review was published on Wednesday, June 13, and cites these important measures which Senator Hill put through the Legislature: The Widowed Mothers' Pension law, Local Option for Cities, law requiring vested cabs on railroad locomotives, and the amendment which exempts farmers from the operation of the Donnelly act and permits them to combine to buy supplies and sell products.

Important consideration also is given to these measures which Senator Hill supported: Minimum Wages for Women, bill protecting women from unlimited hours of labor in the canning industry, and his opposition to the suspension of Labor laws during the war, and to the repeal of fire full crew law for railroads.

In the same issue, The Press declares in the leading editorial that the problem before the people in this district is to "send to Congress the best available man," and declares that "it is our firm belief that State Senator William H. Hill is best fitted to represent the district in Washington, and that he will have the support of men and women."

The editorial endorsement of the Senator continues:

"Senator Hill has had abundant legislative experience of the right kind.

"His record for performance at Albany was so far above the average of legislators that it marked him for higher place even before his candidacy for Congress was announced.

"He has won the confidence and esteem of his legislative colleagues, and of public men generally, among whom he has a nation-wide acquaintance.

"He is a thinker.

"He is a worker.

"He is an orator of convincing force.

"He has the courage of his convictions.

"He knows how to sort truth from error.

"He would go to Washington well equipped truly to represent his district and his State.

"We do not believe he would be merely a 'local representative.'

"We believe he would be an element of strength in the State Legislature in Congress, which is not now famed for its collective statesmanship.

"It would be a matter of regret in the nature of a national calamity, if the men and women of the State of New York must pass this Fall through a political campaign waged along the lines of old-time partisanship and bitterness.

"It would be a national calamity, because such a campaign would be a waste of energy that is much needed to help to win the war."

The Binghamton Press is published in the largest city in the 34th Congressional district, and its circulation of 10,000 copies a day covers the four counties in the district. "Like a banner," it every city and town the great newspaper has correspondents who are closely in touch with sentiment in the localities and it has the reputation of presenting the facts of a political situation accurately and disinterestedly.

The endorsement of Senator Hill by The Press is taken generally to indicate that there is no real opposition to his nomination for Congress.

CHANCES FOR DRAFT MEN.

Mechanics Wanted to Train at Oswego and South Bethlehem—Two Accept.

Two excellent opportunities for voluntary instruction are offered by the Local Board to restaurants with at least a grammar school education, some mechanical training and some aptitude for manual work, in the shape of calls for men to train along mechanical lines in schools maintained by the government at Oswego, N. Y., and South Bethlehem, Pa. Similar schools are being operated throughout the country.

The South Bethlehem call, call 425, is for white men qualified for general military service only. Successful applicants will be trained at Lehigh University as army mechanics, carpenters, cooks, confectioners, electricians, road constructors, telegraphers and track constructors.

The Oswego opportunity, call 425, is for white men physically qualified for special and limited military service only. The men will be trained as bench workers, blacksmiths, carpenters, concrete workers, electricians, gas engine men, machinists and sheet metal workers. Two men, Arthur J. Wheeler and Herman J. Achey, have already enlisted under this call.

These calls close July 1. Successful applicants will be entrained July 15. These opportunities are exceptional ones and are worth the attention of men in deferred classes as well as those in class 1. The high rate of pay and the demand for experts in various mechanical lines are common knowledge. By entering one of these calls a man not only renders to his country the duty which he owes it, but also better fits himself for employment after Berlin is captured. Attention is called to the fact that one of these calls is for men qualified for limited service. This is the first opportunity that such men have had to secure this special training.

The men will be given a six weeks course of training entirely at government expense. This training will include lectures, practical shop work and military drill. Reports from these schools now in operation are glowing in their accounts of the interesting nature of the work and of the care and attention given to the men. Upon graduation from the school, the men will be assigned to that branch of the army which has need of their services at that time. The duties which they will have then will be as interesting and instructive as their training.

The Board believes that those registrants who are due to go in the July draft should take advantage of this opportunity. It will be their last chance to go as volunteers.

The First Oswego district has responded better than most districts, says the Board, to calls for volunteers made upon it in the past. The Board hopes that it may be able to live up to its record under the present calls.

THE LARGEST REUNION

Over 175 Members of B. A. Simmons Family Meet at Ne-ab-wa Park.

The largest reunion which has ever been held in the new pavilion at Ne-ab-wa park was that of Saturday, when 175 members of the B. A. Simmons family met for their sixteenth annual reunion. Those in attendance came from Richfield Springs, Toddsville, Cooperstown, Hartwick, Sidney, Prattsburg, North Kortright, East Meredith, Binghamton, Oneonta, Davenport Center, West Davenport and Richmondville. About fifteen parties came by automobile. At noon, a basket lunch was served in the pavilion and the way young and old "pitched in" was a sight worth coming miles to see.

At the business session, which was held in the afternoon, the following officers were elected for the ensuing year:

President—Sherman Simmons, East Oneonta.

Vice President—Charles Simmons, Sidney.

Secretary and Treasurer—Mrs. Sherman Simmons, East Oneonta.

Committee—George Simmons, Davenport Center; Mrs. Edward Michie, West Davenport; Mrs. Charles Wright, Cooperstown; Mrs. Leroy Hoose, Toddsville; Mrs. Cauncey Simmons, Sidney; Mrs. Charles Dibble, Oneonta; Mrs. Susie Turk, Richmondville.

It was voted last, hereafter, the reunion will be held at Ne-ab-wa park every year the last Saturday in June. This decision was reached, largely because of the ideal spot this has proved for such occasions.

After the business session, the remainder of the afternoon was passed away with games and other forms of amusement, and as the shadows began to lengthen, all departed, hoping that they would attend many more such delightful events.

Reunion of Eckler Family.

The fourteenth annual reunion and picnic of the Eckler family was held at Three Mile point on Oneonta lake Saturday, June 29, with 45 members present. After a beautiful dinner the following officers were elected: President, Frank Eckler; vice president, Glen Eckler; secretary and treasurer, Mrs. A. C. Borst.

The following acting as committee: Mrs. Elmy Thompson, Mrs. Anna Wells, Mrs. Anna Eckler, Mrs. Minnie Eckler, Mrs. Glen Eckler, Mrs. B. Slater. It was voted to hold the reunion next year at the same time and place.

Gurney Reunion Held at Schenectady. Schenectady, June 30.—The nineteenth annual reunion of the Gurney family was held at the home of Mrs. Eliza Gurney, Saturday, June 29. Forty members of the family were present, coming from Herkimer, Greene, Earlville, Davenport Center, Oneonta, Milford, Rome, Portlandville, Mt. Vision, West Oneonta, Elmira and Maryland. It was decided to hold the next reunion at the home of Mr. and Mrs. Charles Achey, at Mt. Vision, on the last Saturday in June, 1919.

YOUNG PEOPLES' CONVENTION

Sessions Held at Delancey Thursday and Friday with Good Attendance—Delegates Attend from Oneonta United Presbyterian Church—Rev. Montgomery and Rev. Galloway Deliver Addresses—Sunrise Prayer Meeting Held.

The annual Young Peoples' convention was held at Delancey, Thursday and Friday, and was attended by the following people from the Oneonta United Presbyterian church: Gaylord Smith, Gould Brown, Roy Russell, Stanley Leonard, Ralph Johnston, and the Misses Helen Mitchell, Verena Goodenough, Mildred Russell, Dorothy Downie and Anna Downie. Miss Helen Mitchell, the presiding recording secretary, has favored The Star with the following account of the convention:

The first session was held Thursday afternoon at 2 o'clock. All the sessions were opened by a devotional service, led by young people of different societies. The theme of the convention was "Thy will be done."

Rev. Galloway gave the address of the afternoon. His text was, "Let your light so shine before men that they may see your good works and glorify your Father, who is in heaven." He compared this with the theme "Thy will be done." He said, "We must identify ourselves with the church and assume some responsibility in church work, and we must be witnesses. To be witnesses we must know the will of God, be consistent, be careful in choosing companions, and we must dedicate our lives to the service of God. It is just as heroic to live for Jesus as it is to die for Jesus."

In the evening, Miss Mary Jamieson of New Kingston gave a report of the New Wilmington Missionary conference, which she attended. She described one day as follows:

7:15 a. m., morning prayers; 7:30 a. m., breakfast; 8:30, Bible study hour; 9:30, Mission Study class; 10:30, Personal Work class. The afternoon was given over to amusements. In the evening were prayer circles, vespers and addresses by different missionaries.

Miss Mabel Nichols of Delancey then sang a solo.

Dr. Montgomery, president of Muskingum college, then spoke on "Christian Life in the Training Camp." He was well prepared to talk on this, for he has a son and a son-in-law in the service and with the college quarter he has done a great deal of religious work in the camps. He said, "Our boys do not ask that their will be done but that the will of the nation be done. Do the soldiers of God say: 'Not my will but Thine be done?'" He spoke at length and was eagerly listened to.

At 5 a. m. on Friday, Miss Dorothy Downie of the local society led the sunrise prayer service.

At 9:15, the business session was held. Gould Brown of the local society was elected corresponding secretary. After this, a conference on missionary work was held. Young people from Cabin Hill, Kortright Center, Bovina Center and West Delant spoke.

Rev. McMeekin of Cabin Hill, who is superintendent of young peoples' work, told us what we as a presbytery had done and what we had not done.

Dr. Montgomery next spoke on "The Church's Biggest Job," which he declared was not the missionary enterprise or evangelistic work, but the finding, teaching and training of those who are to carry the message of His love to those who are perishing in unbelief and ignorance.

Friday afternoon a short business session closed the convention. It was stated at this session that 407 missionaries are needed. Delaware presbytery must support six. After short talks by the ministers, the young people set a goal of \$1,500. to be raised to support a missionary.

The pennant for efficiency was won by the New Kingston society.

Protected Home Circle Elects Officers.

At a meeting of Oneonta circle, P. H. C. held last Friday evening, the following officers were elected.

President—Amelia Linacre.

President—Hassan Eckerson.

Vice-President—Martha Northup.

Guardian—Louis Coy.

Guide—Edna Carson.

Companion—Marguerite Tamsitt.

Sentinel—Susie Carson.

Watchman—Dorr Warner.

Klipknockie with that wonderful aroma and delicious flavor. Coffee of quality.

DAUGHTER GAVE AGED MOTHER VINOL

Now She is Strong and Better Every Way

Pittman, N. J.—"I suffered from a weak, run-down condition and I could not get around to do my usual light duties, for I am 73 years of age and past hard work. My daughter brought me a bottle of Vinol and asked me to try it, and after taking two bottles I have a good appetite, rest well at night and am stronger and better in every way."—Mrs. F. Anderson, Pittman, N. J.

We wish every feeble, aged man and woman in this vicinity would just try this constitutional cod liver and iron tonic on our guarantee to return their money if it fails to benefit. Formula is on every bottle.

K. B. Gunderslee, druggist, Oneonta, and at the best drug store in every town and city in the country.

AUBURN MEMBERS SEND NOTE.

Expressing Thanks for Hospitality at Commercial Travelers' Convention.

Charles H. Bowdish, secretary of Oneonta council, United Commercial Travelers, has received the following communication addressed to the Oneonta council and the convention committee and signed by H. H. Denham, A. T. Brown and Charles T. Sheldon, the delegates to the convention from Auburn and by George H. Macomber and Charles H. Abbott, members of the grand council.

Gentlemen:

"The delegates from Auburn council, No. 267, with the two members of the Grand council, George H. Macomber and Charles H. Abbott, wish to thank you for the cordial manner in which we were received and the splendid entertainment prepared for us. You made us feel welcome and the fraternal spirit of Oneonta council was very apparent in the warm hand-clasp that we received from start to finish the convention was a success, and we wish to compliment you on the hotel service as well. It was one of the occasions of the meeting of the Grand council upon which they seemed to be no complaint with hotel rates or service. This is something rather remarkable in the history of U. C. T. conventions. We know you worked hard, because we have had experience of the same kind and we duly appreciate every effort you have made, and we thank you again and again—not in the half-hearted way, but in a whole-hearted way for the splendid reception and entertainment received in Oneonta, and the memory of your green hills and fertile valleys will remain with us for many years to come.

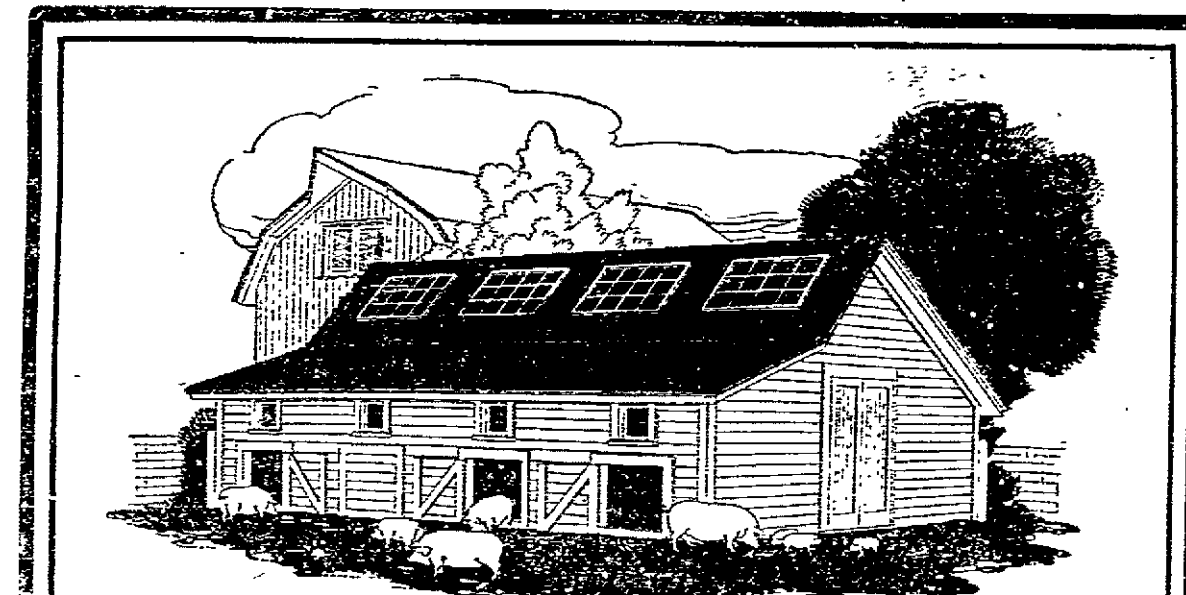

"Hoping to meet you at the Syracuse convention in 1919, not only as delegates but as members interested in the work of the U. C. T. and wishing you greater success in the years to come, than the great success you have had in the past year, we remain, 'Yours fraternally and sincerely,'

WEAK, RUN-DOWN WOMEN

This Letter Will Show You How Other Women Keep Up Strength.

Cleveland, Ohio—"I keep house for my husband and myself and got into a weak, run-down condition, no strength, lagging and no ambition. After doctoring for a while and getting no better I tried Vinol and to my surprise it built me up and strengthened my whole system."—Mrs. Wm. D. Dawson.

The reason we guarantee Vinol is because it is a constitutional remedy containing beef and cod liver peptides, iron and manganese, peptones and glycerophosphates, the most successful food known.

A SANITARY HOG HOUSE OR PIGGERY (Shed and Gable Roof Type)
Finished with White Pine Drop Siding

Speeding Up Farm Production

means raising more hogs—two litters in one year instead of one and bigger litters, through a properly designed and well built Hog House.

It means increasing the production of poultry and eggs through the building of more and better Poultry Houses.

Cows produce more milk in a warm, well ventilated barn—a barn that is so insulated as to be warm in winter and cool in summer.

And every increase in the production of farm products brings the war that much nearer an end.

Let us help you plan your building for greatest efficiency—let us show you how you can make it pay for itself quickly in increased profits from your farm.

Practical working plans, specifications and bills of material for any type of farm building will be furnished free upon request together with our estimate of the cost.

Besides we've a nice assortment of White Pine for outside finish that we know will please you.

It will interest you to know how much more of a building a few hogs will pay for than they would a few years ago.

Don't delay. Every day lost means lost profits to you.

Briggs Lumber Company.
